This announcement is made by the Company pursuant to Rule 13.09(2)(a) of the Listing Rules and the Inside Information Provisions under Part XIVA of the SFO.

The Board wishes to inform the shareholders of the Company and potential investors that the loss attributable to shareholders of the Company for the year ended 31 March 2021 is expected to decrease significantly by over 50% as compared to the loss attributable to shareholders of the Company for the year ended 31 March 2020.

This announcement is made by Great Harvest Maeta Group Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09(2)(a) of the Rules (the “**Listing Rules**”) Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the “**SFO**”).

Based on the preliminary assessment on the unaudited consolidated management accounts of the Group for the year ended 31 March 2021, the board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders of the Company and potential investors that the loss attributable to shareholders of the Company for the year ended 31 March 2021 is expected to decrease significantly by over

50% as compared to the loss attributable to shareholders of the Company for the year ended 31 March 2020. The significant decrease in loss was mainly attributable to following factors:

- (1) the recovery of the operating environment of the global bulker shipping market. Due to the rise in dry bulk cargo market and the People's Republic of China's import of bulk cargo, the spot freight rate has increased. Revenue from spot freight after 30 September 2020 has increased accordingly;
- (2) the reversal of impairment loss after taking into account the rocketing freight rate and second hand vessel price rebound in 2021; and
- (3) set-off of fuel cost fluctuation in the first half of 2020 which caused significant increase in bunker cost.

The information contained in this announcement is only based on preliminary assessment by the Company of its unaudited consolidated management accounts for the year ended 31 March 2021 and is not based on any figure or information audited or reviewed by the Company's independent auditors, and may be subject to possible amendments and adjustments.
